EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kurt Goudy on July 21, 2005.

The application has been amended as follows:

Claim 1, at the beginning of Line 10 after the word "hollow", insert the following phrase: --throughout a majority of a length of the mast--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In regard to Claim 1, the prior art does not teach a balloon having an envelope made of translucent flexible material inflatable by a gas where a mast being hollow throughout a majority of a length of the mast runs vertically through the envelope providing static rigidity at the level of the diametrically opposed bottom pole and top pole.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
